床面

床面

There are some stores around the dormitory such as home improvement retailers, electronics retail stores, and 100-yen shops that handle small items. Please refer to the information below. (These are just a reference and it doesn't mean that our university affiliates with these stores.) It might be a good way to purchase the items after checking out the room condition and taking the size at the time of moving into avoid trouble as the size may not fit.
