Keeping Healthy	<p>The NHS (National Health Service) is the UK's state health service which provides treatment for UK residents through a wide range of health care services. Some services are free and some have to be paid for.</p> <p>The following NHS treatment is free for everyone:</p> <ul style="list-style-type: none"> ▪ some emergency treatment (but not follow-up treatment) ▪ family planning services ▪ diagnosis and treatment of certain communicable diseases ▪ compulsory psychiatric treatment <p>This provides guidance on eligibility for free hospital treatment under the NHS: http://www.ukcisa.org.uk/Information--Advice/Living-in-the-UK/Health-and-healthcare/National-Health-Service-NHS-who-is-entitled</p> <p>We strongly recommend that you register with a GP (local Doctor/General Practitioner) within the first couple of weeks of arriving in the UK, even if you do not feel ill. This is to make it easier to see the GP when you need to, as GPs are often unable to give appointments to people not registered at their Surgery, except in a real emergency.</p> <p>you will need:</p> <ul style="list-style-type: none"> ▪ your passport; ▪ evidence that you are a student (for example, your enrolment letter or student card); and ▪ proof of your UK address (for example, accommodation contract or tenancy agreement). <p>You can use NHS Direct http://www.nhs.uk/Service-Search/GP/LocationSearch/4) to find your nearest Surgery.</p>
